CORE OFFERINGS

Managed SIEMaaS

To ensure security and mitigate risk as well as meet regulatory requirements, financial services organizations need a comprehensive Security Incident and Event Management (SIEM) solution. Thrive has developed SIEM-as-a-Service (SIEMaaS) that scales with budgets, can flexibly meet changing demands, and provides clear, actionable information.

Vulnerability Management

Thrive is here to assist your organization with comprehensive Vulnerability Management offerings. Our team can help protect your business by uncovering IT vulnerabilities and delivering unmatched insight into the potential risks present in your mission-critical infrastructure.
